2. INTRODUCTIONS

- a. Approve Agenda – not possible
- b. Approve Previous Minutes
 - 1) Houston approved as is.
 - 2) Atlanta approved with two minor amendments (attendees and title) – one abstention.

3. CHAIR’S COMMENTS

- a. Reorganization / Collapse of TCs
 - o **Section Head:** At Chair meeting, update on the process. Trying to make ASHRAE more efficient (use MTG format) and shrink meeting room count in order to save \$ and perhaps increase the number of places meetings can occur.
 - o Process has been slowed up. Probably won’t see anything concrete until Austin.
- b. Chair Breakfast
 - o Change from past years – everyone together (back to the previous way).
 - o Presented society strategic plan for 2019 – 2024 – seminar 27 tomorrow will present this.

4. LIAISON REPORTS – NONE PRESENT.

- o This is the third meeting in a row that we have not had a liaison present.
- o Committee believes that Research, Programme would be useful.

5. SUBCOMMITTEE REPORTS

- a. Program (Peter Simmonds)
 - o Seminar 25 at this meeting – Tuesday on climate conditions at the top.
 - o Submission date for Orlando is August 2nd. Tracks for Orlando are a reasonably standard list.
 - o Simmonds will stay on as programme subcommittee chair.

1) Feb 2020 Orlando

Type	Title	Chair/Speakers
Seminar	Tall Building Energy Demand - Carter to confirm one other speaker.	Chair = Carter Jaylarian, Simmonds
Seminar	Measured Stack Effect Data in Tall Buildings	Chair = Wessel Carter, Jaylarian, Phillips

2) Jun 2020 Austin

Type	Title	Chair/Speakers

1) Jan 2021 Chicago

Type	Title	Chair/Speakers
Seminar	Comparison on different HVAC / Ventilation practices in tall buildings with operable windows / vents <ul style="list-style-type: none"> - Code comparison - Operations - Measurements. 	

(1) No program discussed

b. Handbook

- o Wessel: The new handbook is now published.
- o Medhi Jalerarian will be taking on the Handbook.

c. Research ()

- o Breakfast meeting is tomorrow – so no announcements available. Any salient information will be forwarded to the committee.

1) RTARs

(1) There is an RTAR on climatic data at height dating back to August 2015.

(a) TC 4.2 has been notified about this interest from 9.12.

(2) Brainstorming:

(a) Simmonds: substantiating pumping power energy demand in tall buildings related to the number of breaks. Currently 90.1 penalize tall buildings because of the implementation of pumping zones. Simmonds to develop an outline.

(b) Phillips: Comparison of different practices in different jurisdictions. Discussion lead to suggestion we have a seminar in Chicago on this and gauge whether there is enough interest.

d. Webmaster (Travis Potter)

1) King checking ASHRAE Staff Coordinator for password. Last update seems to be 2015 but effort has been spent more recently than that. Not clear where they went.

2) Davy to update email list on BASECAMP.

6. ROSTER CHANGES

a. Due in January.

7. NEW BUSINESS

a. 2nd Edition of the ASHRAE Design Guide for Tall, Super Tall and Mega Tall Buildings Systems

- 1) Simmonds: Comment that the second edition of the book has been written. This is a special publication. TC9.12 is being asked to approve. The reviews of the book have come back and have been favorable. Two chapters rewritten – Stack effect and energy.
- 2) MOTION: WESSEL / JALAYERIAN – *The committee approves the 2nd Edition of the ASHRAE Design Guide for Tall, Super Tall and Mega Tall Buildings Systems.*

APPROVED: UNANIMOUS / ONE ABSTENTION

b. ASHRAE Strategic plan

- Being present at Seminar 27
- Will be discussed next meeting.

8. ADJOURN

- a. Next meeting is in Orlando on Feb 2nd.
- b. Plan to maintain organization of meeting as
