

90.1 QUARTERLY

Summer 2023

2025 Work Plan

"[establish] a plan to define mandatory requirements for new construction buildings to have an operational net zero emissions code by 2031."

Leadership Contacts

SSPC Chair	Dick Lord
SSPC Vice Chair	Tom Culp
SSPC Vice Chair	Len Sciarra
Mechanical	Brandon Damas
Lighting and Power	Kelly Seeger
Energy Cost Budget	Jason Glazer
Envelope	Ben Meyer
Format & Compliance	Ernie Conrad

SSPC Level Working Groups

AES	Kelly Seeger
Renewables	Jin Jin Huang
Net Zero Carbon (new)	Mike Waite
Energy Credits (new)	Mike Tillou
(new) - Contact SSPC chair if interested in joining	

UPCOMING TRAINING SESSION

**Learn the basics of the 90.1 process.
For first-time members and anyone
needing a refresher
Aug 25, 2023 | 2-4 pm | [WebEx](#)**

ADDENDA STATUS UPDATES

Public Review Pending

**Addendum m - Rating Procedures
for Heat Exchangers**

Addendum n - IAQP in App G

Pending Publication

**Addendum cw - Lighting for exit
stairways**

**Addendum b - Lighting term
clarifications**

Recently Published

Addendum ca - grid-interactive TPS

MEMBER SPOTLIGHT

Congratulations to the recipients of DOE funding for Resilient and Efficient Codes Implementation.

Several members of 90.1 will be engaged in multiple projects to promote better use of the standard.

View the selected projects [here](#).

NOTES FROM CHAIR

As of July the roster has changed so be sure to update any distribution lists that you may use for subcommittees and working groups.

With the approval of the workplan we have a very aggressive plan to work to net carbon neutral by 2031. This will require strong support from the SSPC members and consultants as well as industry partners. Over the past few years we have faced challenges with COVID and thanks to everyone for trying to continue the work with virtual meetings and hybrid meetings, but we would like to get back to face to face meetings as they are more productive and help with collaboration with subcommittees and working groups.

We also would like to explore focused meetings to develop and explore new energy savings concepts like electrification, smart grid interface and carbon reduction

To suggest a newsletter item for the next issue, contact [Emily](#).

Future Meetings

FALL VIRTUAL

[9/15](#); [9/22](#); [9/29](#)

11 am - 2 pm ET

[Chicago Winter '24 hybrid](#)

Subcommittees 1/19 - 1/21

Full Committee 1/20 - 1/22

[Atlanta Spring '24 hybrid](#)

Wed 4/3; Thu 4/4;

1/2-Day Fri 4/5
