- Key: VM = Voting Member, VMNQ = Voting Member - Non-Quorum
5. Review and approval of Kansas City Agenda  
Motion to approve - Paul Sohler; Seconded by Larry Brand; 4-0-0 approved
  6. Review and approval of Atlanta Minutes  
Motion to approve - Paul Sohler; Seconded by Tim McNulty; 4-0-0 approved
  7. Liaison Reports  
Omar - Update given on work statement for RTAR 1843. Goal is to resubmit within 3 to 4 weeks (July 31st, 2019).  
Question regarding changing scope to include fire tube boilers. Since there is no impact on amount of funding requested to include recommendation from Omar is it would be acceptable to modify the scope.
  8. Handbook – Michael Beisheim  
Chapter 35 was finalized and sent out for letter ballot in April 2019 and unanimously approved by all voting members.  
Have not voted on Chapter 31  
Began discussions on Fundamentals which are up for revision.  
Discussed adding mixed media to supplement the fundamentals such as training videos for upload to a platform such as YouTube  
Fundamentals Revisions are due April 12th, 2020
  9. Research - William Roy  
3 research projects proposed in Atlanta have not progressed.

We still owe a work statement to RAC for Oscillations in Boilers and Water Heaters: RTAR 1843

Need to identify manufacturers that can supply equipment

Patterson Kelley is interested in supplying equipment if their products fit within their scope

Recommendation to add objective in the work statement to record video of operation during testing

Proposed to make sure manufacturers know that models requested for testing need to be capable of producing the oscillation.

RTAR for Boot T fittings - No progress

RTAR for common venting of non category I appliances - No progress

#### 10. Web Site – Chris Pickens

Change in scope of TC 6.10 was approved so we will wait for ASHRAE to update media and literature.

#### 11. Program – Tom Butcher

Submission for Kansas City: Fuel in a renewable future, was not accepted

Recommending to resubmit for Orlando and push through Darwen to TRAC with a phone call if needed. Deadline to submit: August 2, 2019

Presentation on Hydrogen blending in Natural Gas utility transmission is already included in the Fuel for renewable future program proposal but we had continued discussion on the importance of bringing this to the attention of the industry.

#### 12. Standards – Diane Jackobs

ASHRAE 155

ASHRAE 118.1

ASHRAE 118.2

SSPC 41.13

#### 13. Membership – Cory Weiss

3 out 7 Voting Members are rolling off. Retaining 4 Voting Members.

Invitations for Voting Member Status:

John Kim - User

Michael Beisheim - User/General

Tae Kwon - Manufacturer

Mehdi Doura - Manufacturer

Subcommittee Chairs

Handbook - Michael Beisheim

Research - Paul Sohler make officially Chair if we don't hear anything from Bill Roy by July 15th.

Web Master - Jennifer Guerrero volunteered

Program - Alex Fridlyand

Standards -

Secretary - Tim McNulty

Vice Chair - Cory Weiss if no one else is interested.

#### 14. Old Business

Reorganization and Merger - The initial proposal has been changed to look at fewer TCs to combine based on similarities in scope or improvements in membership.

Discussion on TC 6.3 potential to merge with TC 6.10 - Nothing is official this was just proposed for discussion in TC 6.3 and we are making it aware to 6.10 members.

Motion to approve Chapter 31 without changes for submission - Paul Sohler seconded by Tim McNulty; Approved 4-0-0

#### 15. New Business

#### 16. Next Meeting – ASHRAE 2020 Winter Conference | February 4, 2020 | Orlando, FL

17. Adjournment – Cory Weiss

Motion to adjourn Larry Brand; Seconded by Craig Grider 4-0-0
