## **20. Old Business**

20.1 TC 8.6's name change was approved by vote during our meeting in Orlando. The next step in the process is to approve the Orlando meeting minutes to formally document that vote. The name change request has already been submitted to the Section Head via the TC Activity Form from that meeting. Haven will draft the rationale for the change, which will accompany the request as it moves forward for review by TAC. If approved, ASHRAE will update the official TC roster and reflect the new name in ASHRAE records, and we will receive formal notification of the name change approval from ASHRAE staff or TAC.

**21. New Business**

**22. Adjourn**
