Tampa Programs:

1. Forum: Can we engineer for Decarbonization? Co-charis: Kelly Cramm and Phil Trafton

Draft Minutes Winter 2023 Meeting

- a. Kelly and Phil will contact Kent Peterson, chair of the Decarbonization committee
2. Forum: System options in Evaporative cooling prohibited locations. Chair – Dennis Wessel (Submitted for tampa)
 - a. TC-5.7 Evaporative Cooling, **will co-sponsor**
 - b. Hans Grabau and Mark Pavol will provide support
 - c. What systems options are available / best for use in this situation?
 - d. Kelly Cramm will request comment from their Vegas office.
3. Forum: “Special design challenges in large and tall multi-family buildings”
Chair – Dennis Wessel (Submitted for Tampa)

Chicago Programs:

1. Seminar: Special Challegnes in Pet Relief areas. Chair – Ken Warren
 - a. Russell Lavitt will provide input.
2. Forum: Does Standard 90.1 and Title 24 require over complication of control systems? Chair – Hans Grabau / Dennis Wessel
 - a. Phil Trafton wil provide Title 24 support
 - b. will provide input from the control company he represents
 - c. A lighting control company should be contacted

Program possibilities for future consideration, in order ot priority:

1. Does solar and/or wind energy have a role in large building systems? Co-sponsorship with TC-9.12 Tall Buildings
 - a. Title 24 requires 35% of roof area contain solar panels.
2. Special challenges in grow facilities. Contact the Agricultural TC for co-sponsorship.
3. HVAC System undersizing: How much is too much?
4. Do large multi family buildings have special challenges? Possible co-sponsorship with TC-9.12
5. Energy and operating cost comparison of various HVAC system types.
6. Large system multizone control options.
