TC 1.4 Control Theory and Applications YEA Subcommittee Meeting Summary

Atlanta – June 30, 2015

- 1) Young Engineers in ASHRAE (YEA) attendance included one YEA Regional Coordinator (YRC)
- 2) Discussion Topics
 - a) TC 1.4 to work with Region XII YRC, Jeanne Marie Duce, to help advertise the proposed TC 1.4 Committee Overview presentation for Orlando.
 - i) If the Committee presentation does not require conference registration, it may help attract local YEA members who cannot attend the entire conference.
 - ii) There was a request to include an overview of what Technical Committees are and what they do.
 - iii) YEA requested help at the chapter level to raise awareness. Action item to coordinate potential TC 1.4 member presentations at the Chapter level.
 - b) Similar to YEA's "Leadership U" program where four YEA members are sponsored to attend the winter conference and shadow a senior ASHRAE member, TC 1.4 can potentially provide mentorship for local YEA members attending the next conference in Orlando.
 - i) The proposition will have to go through the DRC for Region 12, Jennifer Isenbeck.
 - ii) If approved, we will reach out for potential conference mentors.
 - c) Follow up during Executive Meeting: look into social media outlets like Facebook and LinkedIn for potential TC1.4 recruitment opportunities.
